BARGAIN BINS

Your council has joined up with the Recycle Now Home Composting Campaign, a government funded scheme to encourage people to reduce the waste they send to landfill. So how is it possible to sell bins at such low prices? Buying in large volumes direct from manufacturers lets Recycle Now offer the bins for less. In addition to this, Recycle Now subsidises the cost of the bins and the home delivery. This means that customers can purchase a standard 330ltr black compost bin for only £20.00 when the regular price is £50.00! Free home delivery is also included in this reduced price, so hurry and order yours today as stocks are limited!
